You have an intense **NEED:** life essence. To satisfy this need, possess a living victim and consume their spirit energy (this may be a downtime action). When you do so, clear half your **DRAIN** (round down).

You may **ATTUNE** to the ghost field in order to take control of a living body. When your control is challenged, you must re-attune (risking electropasmic harm) or leave the body. Your control is challenged when: you consume spirit energy from the host—when arcane powers act against you—when the host’s will is driven to desperation. You may easily and indefinitely possess a hull or hollow which has been ritually prepared for you (change your playbook to Hull or Vampire, respectively).

**VETERAN:** Choose a special ability from another source.

**GHOST**

**GHOST TRAITS**

- **GHOST FORM:** You are now a concentration of electropasmic vapor which resembles your living body and clothes. You may weakly interact with the physical world and vice versa. You’re vulnerable to arcane powers and electropasmic effects. You move about by floating and may fly swiftly without tiring. You may slowly flow through small openings as a vapor. You chill the area around you and are terrifying for the living to behold. You are affected by spiritbane charms (take 2 drain to overcome the repulsion). Whenever you would take stress, take **drain** instead. When you would take trauma, take **gloom** instead.

- **DISSIPATE:** You can disperse the electropasmic vapor of your ghostly form in order to pass through solid objects for a moment. Take 1 drain when you dissipate, plus 1 drain for each feature: It lasts longer (a minute—an hour—a day)—you also become invisible—anything that passes through your form becomes dangerously electrified or frozen.

- **MANIFEST:** Take 1 drain to flow through the electropasmic pathways of the ghost field in order to instantly travel to any place you knew intimately in life, or to answer the summoning call of a **compel**.

- **POLTERGEIST:** Take 1 drain to strongly interact with the physical world for a few moments (as if you had a normal body). Extend the reach and magnitude of your interaction to include telekinetic force and electropasmic discharges by taking more drain (2-6).

- **POSSESS:** You may **attune** to the ghost field in order to take control of a living body. When your control is challenged, you must re-attune (risking electropasmic harm) or leave the body. Your control is challenged when: you consume spirit energy from the host—when arcane powers act against you—when the host’s will is driven to desperation. You may easily and indefinitely possess a hull or hollow which has been ritually prepared for you (change your playbook to Hull or Vampire, respectively).
